

SARS-COV-2 RULES OF CONDUCT AND RECOMMENDATIONS AT THE DBFZ

INSTRUCTIONS FOR VISITORS AND OTHER COMPANIES

- Only pre-registered visitors may enter the DBFZ premises. Please announce your visit in advance at your personal contact person. When you arrive, please contact the person at the entrance who will inform the respective employee at the DBFZ.
- Stay at home with respiratory symptoms or signs of illness, such as fever. In these cases, it is forbidden to enter the DBFZ premises. Exceptions apply in the case of a medically certified cold.
- We recommend to avoid physical contact and keep distance from each other.
- We recommend the use of a mouth-nose protection.
- Wash your hands regularly and thoroughly. Liquid soap and towel dispensers are available in the sanitary facilities. Disinfection and disposable mask dispensers are available in all entrance areas.
- Cough or sneeze in a disposable tissue or in the crook of your arm. Always turn away from other people. Then dispose of the tissue in a closed waste container.
- Preferably only use your own work equipment, such as a laptop or tools. If work equipment or tools are used by more than one person they must be disinfected before use.
- **If you become ill with SARS-CoV-2 within 14 days of your visit to the DBFZ, you are obliged to inform DBFZ. Please inform your contact person or the safety expert Dr. Katharina Böse by phone at +49(0) 341 2434-109.**
