The DBFZ Deutsches Biomasseforschungszentrum gemeinnützige GmbH, Torgauer Straße 116, 04347 Leipzig (hereinafter referred to as "DBFZ"), aims to enhance its public image by using photographs to promote its activities, projects, and events. In particular, photographs of speakers may be used to give participants a preview of presentations, to introduce speakers, or to advertise specific contributions.

I hereby consent to the use of the (portrait) photo I have submitted for the purposes stated above in the following contexts:

- ☐ On DBFZ websites
- ☐ On DBFZ social media channels (primarily LinkedIn, Instagram)
- ☐ In press publications or other publications with a scientific context issued by or involving the DBFZ

I understand that information published on the internet is accessible worldwide, can be indexed by search engines, and may be linked to other content, potentially allowing personality profiles to be created about me. Once published online, information — including photographs — can be easily copied and further processed. There are also specialized archiving services that permanently store the content of certain websites as of specific dates, which may make it impossible to completely delete such information from the internet.

I am aware of these risks. I give this consent voluntarily. I may refuse to grant it without providing any reasons and without facing any disadvantages. I may also revoke this consent at any time in written form (e.g., letter or email) to the DBFZ. Upon revocation, my photo will be promptly removed from the aforementioned publication channels.
